AUTHOR INDEX

Aarsæther, N., see Berge, R.K. (918) 60
Aarsland, A., see Berge, R.K. (918) 60
Amic, J., see Montet, J.-C. (918) 1

Berge, R.K., Stensland, E., Aarsland, A., Tsegai, G., Osmundsen, H., Aarsæther, N. and Gjellesvik, D.R.
Induction of cytosolic clofibroyl-CoA hydrolase activity in liver of rats treated with clofibrate (918) 60
Bijleveld, C. and Geelen, M.J.H.
Measurement of acetyl-CoA carboxylase activity in isolated hepatocytes (918) 274
Binaglia, L., see Vecchini, A. (918) 40
Bisgaier, C.L., Lee, E.S. and Glickman, R.M.
A method to screen apolipoprotein polymorphisms in whole plasma: description of apolipoprotein A-IV variants in dyslipidemias and a reassessment of apolipoprotein A-I in Tangier disease (918) 242
Bjørneboe, A., see Bjørneboe, G.-E.A. (918) 236
Bjørneboe, G.-E.A., Bjørneboe, A., Hagen, B.F., Mørland, J. and Drevon, C.A.
Reduced hepatic α-tocopherol content after long-term administration of ethanol to rats (918) 236
Boland, R., see Drittani, L. (918) 83
Brasitus, T.A., see Dahiya, R. (918) 230
Brockman, H.L., see Rudd, E.A. (918) 106

Calvert, D., see Zechner, R. (918) 27
Catella, F., see Ciabattoni, G. (918) 293
Ciabattoni, G., Maclouf, J., Catella, F., FitzGerald, G.A. and Patrono, C.
Radioimmunoassay of 11-dehydrothromboxane B_2 in human plasma and urine (918) 293
Clandinin, M.T., see Hargreaves, K.M. (918) 97
Cook, H.W. and Spence, M.W.
Studies of the modulation of essential fatty acid metabolism by fatty acids in cultured neuroblastoma and glioma cells (918) 217

Dahiya, R. and Brasitus, T.A.
Estrogen-induced alterations of hematoside of rat small intestinal mucosa (918) 230
Dang, Q.Q., see Nègre, A. (918) 76
De Boland, A.R., see Drittani, L. (918) 83
Dieplinger, H., see Zechner, R. (918) 27
Dolphin, P.J., see Jauhiainen, M. (918) 175
Douste-Blazy, L., see Nègre, A. (918) 76
Drevon, C.A., see Bjørneboe, G.-E.A. (918) 236
Drittani, L., De Boland, A.R. and Boland, R.
Changes in muscle lipid metabolism induced in vitro by 1,25-dihydroxy-vitamin D-3 (918) 83

Ellsworth, J.L., Kashyap, M.L., Jackson, R.L. and Harmony, J.A.K.
Human plasma lipid transfer protein catalyzes the speciation of high density lipoproteins (918) 260

Felts, J.M.
The quantitative separation of chylomicrons and chylomicron remnants by column chromatography (918) 93
Fisher-Simpson, V., see Murono, E.P. (918) 136
FitzGerald, G.A., see Ciabattoni, G. (918) 293
Florén, C.H., see Franzén, J. (918) 11
Fouilland, L., see Lecerf, J. (918) 48
Franzén, J., Florén, C.H. and Nilsson, Å.
Regulation of apolipoprotein A-I synthesis in lymph-drained rats (918) 11
Freysz, L., see Vecchini, A. (918) 40

Gadams, N.M., see Wong, L. (918) 16
Gagniarre, J., see Lecerf, J. (918) 48
Gatt, S., see Levade, T. (918) 250
Geelen, M.J.H., see Bijleveld, C. (918) 274
Gjellesvik, D.R., see Berge, R.K. (918) 60
Gleispach, H., see Mayer, B. (918) 209
Glickman, R.M., see Bisgaier, C.L. (918) 242
Groener, J., see Zechner, R. (918) 27

Hagar, A.F., see Hazel, J.R. (918) 149
Hagen, B.F., see Bjørneboe, G.-E.A. (918) 236
Halevy, O. and Sklan, D.
Inhibition of arachidonic acid oxidation by β-carotene, retinol and α-tocopherol (918) 304
Hargreaves, K.M. and Clandinin, M.T.
Phosphatidylethanolamine methyltransferase: evidence for influence of diet fat on selectivity of substrate for methylation in rat brain synaptic plasma membranes (918) 97
Harmony, J.A.K., see Ellsworth, J.L. (918) 260
Hauser, G., see Leli, U. (918) 126
Hayashi, Y., Urade, R. and Kito, M.
Distribution of phospholipid molecular species containing arachidonic acid and cholesterol in V79-UF cells (918) 267
Hazel, J.R., Hagar, A.F. and Pruitt, N.L.
The temperature dependence of phospholipid deacylation/reacylation in isolated hepatocytes of thermally acclimated rainbow trout *(Salmo gairdneri)* (918) 149
Heemskerk, J.W.M., Jacobs, F.H.H., Scheijen, M.A.M., Helsper, J.P.F.G. and Wintermans, J.F.G.M.
Characterization of galactosyltransferases in spinach chloroplast envelopes (918) 189
Helsper, J.P.F.G., see Heemskerk, J.W.M. (918) 189
Hostetler, K.Y., see Kubo, M. (918) 168

Infante, R., see Montet, J.-C. (918) 1
Isobe, R., see Yamaoka, A. (918) 284
Itoh, T., see Yamaoka, A. (918) 284
Iwanaga, T., see Mobley, A. (918) 115

Jackson, R.L., see Ellsworth, J.L. (918) 260
Jacobs, F.H.H., see Heemskerk, J.W.M. (918) 189
Jauhiainen, M., Ridgway, N.D. and Dolphin, P.J.
Aromatic boronic acids as probes of the catalytic site of human plasma lecithin–cholesterol acyltransferase (918) 175

Kashyap, M.L., see Ellsworth, J.L. (918) 260
Khokha, R., Walton, P.A., Possmayer, F. and Wolfe, B.
Effects of levonorgestrel on enzymes responsible for synthesis of triacylglycerols in rat liver (918) 120
Kito, M., see Hayashi, Y. (918) 267
Kostner, G.M., see Zechner, R. (918) 27
Kubo, M. and Hostetler, K.Y.
Inhibition of purified bovine milk lipoprotein lipase by propranolol and other β-adrenergic blockers in vitro (918) 168
Kukovetz, W.R., see Mayer, B. (918) 209

Lecerf, J., Fouilland, L. and Gagniarre, J.
Evidence for a high activity of sphingomyelin biosynthesis by phosphocholine transfer from phosphatidylcholine to ceramides in lung lamellar bodies (918) 48
Lee, E.S., see Bisgaier, C.L. (918) 242
Leli, U. and Hauser, G.
Mechanism of modification of rat brain lysophospholipase A activity by cationic amphiphilic drugs (918) 126
Levade, T. and Gatt, S.
Uptake and intracellular degradation of fluorescent sphingomyelin by fibroblasts from normal individuals and a patient with Niemann-Pick disease (918) 250
Lund, H.
Carnitine palmitoyltransferase: characterization of a labile detergent-extracted malonyl-CoA-sensitive enzyme from rat liver mitochondria (918) 67

Maclouf, J., see Ciabattoni, G. (918) 293
Mayer, B., Gleispach, H. and Kukovetz, W.R.
Formation of 6,15-diketoprostaglandin $F_{1\alpha}$ from prostaglandin G_2 by bovine aortic endothelial cells (918) 209
Mendel, C.M.
Binding of lipoproteins to inert materials revisited with computer-assisted analysis (918) 205
Minakami, S., see Yamaoka, A. (918) 284
Mizuno, N.K., see Rudd, E.A. (918) 106
Mobley, A., Tanizawa, H., Iwanaga, T., Tai, C.L. and Tai, H.-H.
Selective inhibition of 5-lipoxygenase pathway in rat pulmonary alveolar macrophages by cigarette smoking (918) 115
Montet, A.-M., see Montet, J.-C. (918) 1
Montet, J.-C., Parquet, M., Sacquet, E., Montet, A.-M., Infante, R. and Amic, J.
β-Muricholic acid; potentiometric and cholesterol-dissolving properties (918) 1

Mørland, J., see Bjørneboe, G.-E.A. (918) 236
Murono, E.P. and Fisher-Simpson, V.
Microsomal ethanol-oxidizing system in purified rat Leydig cells (918) 136

Nègre, A., Salvayre, R., Rogalle, P., Dang, Q.Q. and Douste-Blazy, L.
Acyl-chain specificity and properties of cholesterol esterases from normal and Wolman lymphoid cell lines (918) 76
Nilsson, Å., see Franzén, J. (918) 11

Ochoa, B. and Suckling, K.E.
Short-term metabolism of cholesteryl ester from low-density lipoprotein in primary monolayers of bovine adrenal cortical cells (918) 159
Osmundsen, H., see Berge, R.K. (918) 60

Parquet, M., see Montet, J.-C. (918) 1
Patrono, C., see Ciabattoni, G. (918) 293
Pope, T.S. and Rooney, S.A.
Effects of glucocorticoid and thyroid hormones on regulatory enzymes of fatty acid synthesis and glycogen metabolism in developing fetal rat lung (918) 141
Possmayer, F., see Khokha, R. (918) 120
Pruitt, N.L., see Hazel, J.R. (918) 149

Riaz-ul-Haq, , Tsao, F. and Shrago, E.
Activity of long chain acyl-CoA synthetase in isolated alveolar type II cells (918) 36
Ridgway, N.D., see Jauhiainen, M. (918) 175
Roberti, R., see Vecchini, A. (918) 40
Rogalle, P., see Nègre, A. (918) 76
Rooney, S.A., see Pope, T.S. (918) 141
Rudd, E.A., Mizuno, N.K. and Brockman, H.L.
Isolation of two forms of carboxylester lipase (cholesterol esterase) from porcine pancreas (918) 106

Sacquet, E., see Montet, J.-C. (918) 1
Salvayre, R., see Nègre, A. (918) 76
Scheijen, M.A.M., see Heemskerk, J.W.M. (918) 189
Shrago, E., see Riaz-ul-Haq, (918) 36
Sklan, D., see Halevy, O. (918) 304
Spence, M.W., see Cook, H.W. (918) 217
Stensland, E., see Berge, R.K. (918) 60
Steyrer, E., see Zechner, R. (918) 27
Suckling, K.E., see Ochoa, B. (918) 159
Sumimoto, H., see Yamaoka, A. (918) 284

Tai, C.L., see Mobley, A. (918) 115
Tai, H.-H., see Mobley, A. (918) 115
Takeshige, K., see Yamaoka, A. (918) 284
Tanizawa, H., see Mobley, A. (918) 115
Tsao, F., see Riaz-ul-Haq, (918) 36
Tsegai, G., see Berge, R.K. (918) 60

Urade, R., see Hayashi, Y. (918) 267

Vecchini, A., Roberti, R., Freysz, L. and Binaglia, L.
Partial purification of ethanolaminephosphotransferase from rat brain microsomes (918) 40

Walton, P.A., see Khokha, R. (918) 120
Weinberg, R.B.
Differences in the hydrophobic properties of discrete alpha-helical domains or rat and human apolipoprotein A-IV (918) 299
Wintermans, J.F.G.M., see Heemskerk, J.W.M. (918) 189
Wolfe, B., see Khokha, R. (918) 120
Wong, L. and Gadams, N.M.
Immunological heterogeneity of rat apolipoprotein B epitope expression. A study using monoclonal antibodies to rat apolipoprotein B (918) 16
Yamaoka, A., Sumimoto, H., Takeshige, K., Itoh, T., Isobe, R., Yoshitake, J. and Minakami, S.
Inhibition of leukotriene formation in human leukocytes by halothane (918) 284
Yoshitake, J., see Yamaoka, A. (918) 284
Zechner, R., Dieplinger, H., Steyrer, E., Groener, J., Calvert, D. and Kostner, G.M.
In vitro formation of HDL-2 from HDL-3 and triacylglycerol-rich lipoproteins by the action of lecithin : cholesterol acyltransferase and cholesterol ester transfer protein (918) 27
